

## WOODTURNER'S WIDOWS ASSISTANCE PROGRAM

### (WWAP)

The objective of the WWAP is to provide assistance to the spouses or next of kin of the Lehigh Valley Woodturners club members in selling their tools, wood, blanks etc.

The Lehigh Valley Woodturners club will provide the following :

- A “hold harmless” agreement will be signed by both parties.
- A sale will be held at the club member’s house or shop on an agreed upon date.
- The Lehigh Valley Woodturners club will advertise the sale to the other woodturning clubs in the area.
- 3 club members will comprise the “contact crew” in charge of inventory, pricing, set up, etc.
- The contact crew will inventory all items requested for sale and maintain a master list. The master
- The list will be provided to the club and the family. They will do their best to put fair market prices on all items with the intent to sell.
- The Lehigh Valley Woodturners club will receive 20% of the profits of the sale.
- The Lehigh Valley Woodturners club cannot be responsible for the removal of any unsold items.

The Lehigh Valley Woodturners club is offering this service because, as woodturners, we realize that our craft is a specialized one. The process and the tools we use are best understood and appreciated by fellow woodturners. Our intent is to provide peace of mind that some of our unfinished work will be finished.

Inquires about the program can be made through any Lehigh Valley Woodturners club member, who will contact the current club President.
